

Experiment-10

Create a Cloning of a VM and Test it by loading the Previous Version/Cloned VM

Clone Virtual Machine Wizard

Clone Type
How do you want to clone this virtual machine?

Clone method

☒ Create a linked clone
A linked clone is a reference to the original virtual machine and requires less disk space to store. However, it cannot run without access to the original virtual machine.

☐ Create a full clone
A full clone is a complete copy of the original virtual machine at its current state. This virtual machine is fully independent, but requires more disk space to store.
